

Learning Parade[®] 2015

Co-funded by the
Erasmus+ Programme
of the European Union

Responsible party: Maribor Adult Education Institute – Ljudska Univerza

Title: "I capture attention with my writing,,

Date and location: 12 May 2015, Maribor

Target group: adults with a low level of education.

Invited stakeholders: key actors in the field of education, counselling, employment, social affairs (strategic and professional partners of the ISIO counselling network in Maribor); the municipality, library, trade union, the network of secondary schools providing adult education programmes, youth and other organisations, neighbouring adult education centres, the faculty, the National Education Institute, Maribor Prison, etc.

Findings and recommendations

- A completed 4-year secondary education programme is the key to attaining the third level of literacy. Unfortunately, the co-financing of tuition fees in adult secondary education is currently impossible.
- Additional promotion of infrastructural activities in adult education is required (free and accessible support for independent learning and counselling).
- Local partners have noted a "dual vulnerability" among the people who require longer educational programmes.
