

**Coordinator:** Ajdovščina Adult Education Centre

**Title:** The development of knowledge and skills of human resources in economy

**Date and venue:** 8 June and 16 June 2017, Ajdovščina

**Target group:** representatives of economy, enterprises, infrastructural institutions, educational and other institutions, wider public

**Stakeholders:** enterprises, educational institutions, development agencies, chamber of craft and small business, public funds

## **Content:**

- Professional part: presentation on the development of competences and education and training of older employees, presentation of examples of good practice from various enterprises and other institutions, discussion of key stakeholders
- Practical part: workshop in photography

## Findings and recommendations:

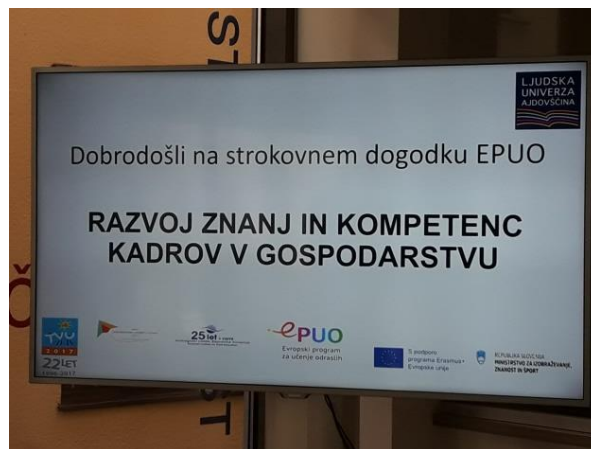

- Importance of education in all age groups and in all fields of work due to changed methods of work in the future (importance of education and investments into the development of skills and competencies of older employees due to the future shortages of young human resources).
- Common approach – active involvement and cooperation of all stakeholders, establishment of partnerships between educational institutions and the economy.
